

The Temple Renewable Energy Task Force Will Meet Remotely at 7 PM on 7/20.

The Agenda:

The Task Force will discuss up-to-date financial opportunities for funding a ground mounted solar array in Temple with help from the NH Community Development Authority (CDFA).

We have invited Scott Maslansky, the Director of Clean Energy Finance at the CDFA to remotely attend our meeting and present options for us to consider.

We will also discuss our schedule and process for moving forward with potential solar options.

And we will allow time for a report from Clean Energy NH on additional steps that have been taken in the formation of the technical assistance organization for Community Power Planning.

To join our meeting remotely use the Zoom connection below:
