

The Renewable Energy Task Force Will Meet on February 21 at 7 PM at the Annex

The Agenda:

We will be focused on the presentation of our task force's warrant article for Town Meeting regarding the establishment of a Temple Community Power Plan.

And we will discuss the next steps required to establish our CPP, if the warrant article gets approved. Temple has already received the necessary approval from the NH PUC for Temple's Cost Sharing Agreement and Member Services Contract and its associated Policies for Risk, Rates and Data Security and Privacy. This enables us to move forward, asking our Selectboard to also approve those documents, as included in the warrant article.
