BAC,

At our BAC meeting yesterday, it was decided that we would require an additional meeting to be held on 22 January. That agenda is attached.

Per our discussion, I have sent a note to Peter Allen requesting that he request an agenda item to meet with the SB at their next meeting regarding the desk and scanner needs. I have also requested missing contractual values from Carol Singelais.

The "first pass" budget is attached per our consolidation review yesterday.

Carol,

Please post hard copies of the attached agenda at the appropriate locations and pass on an electronic version to our webmaster.

Allan should be asked for the list of changes that would be required on the tax maps. Since we did the last update, I recall that the company told us they would no longer do paper maps. This might affect the cost. I believe the last cost was \$1980.

Gary

We need to update the tax maps this year. Last time we did it was 2017, and the cost was something like \$2500 or \$3000. Legally we are supposed to do it every year, but there were a couple of quiet years. Probably should put \$3,000 in the budget line this time.

Thanks
Allan

I am concerned that the select board put in a last minute request for \$11,500 for repairs to the municipal building. Do they have actual bids?
Did I miss their presentation on this?
Maybe this work should be delayed a year?

I have attached the Budget Worksheet with updates from our meeting on Wednesday. Note that our "Operating Budget" is down only \$90k after moving last year's HW Asphalt & Paving (\$140k) to CIP. The 2020 Budget – 2019 Actual is down less than \$25k.

Because last year's Debt service of \$38k has gone to \$0, the "Total budget" is down around \$130k.

The contribution amount due is \$500.00 but we have a credit balance of (\$101.78) so we are paying \$398.22.
