

## Renewable Energy Task Force

Approved Minutes for Meeting held on Wednesday, February 19, 2019

Written on February 25, 2019 by Vince Mamone

The meeting was called to order at 7:23 PM.

Task Force members in attendance were Deb Deleso, Bev Edwards, Robert Wills and Vince Mamone.

The draft minutes from the January 15, 2019 meeting were reviewed. Bev moved to approve the minutes and Deb seconded. The minutes were approved as written.

### Old Business

Rob brought us up-to-date on several issues he has been looking into. He emphasized that we need to resolve how to charge for electricity usage for the proposed EV station before we talk to the Select Board and before we submit our grant request. He also mentioned that the House by the side of the Road in Wilton approached him and asked to be considered for an EV charging station.

Bev will reschedule the meeting with the Director of CDFA that was canceled due to weather. This meeting will be March 13 at 8:30 AM at the Annex.

Bev also agreed to set up a meeting with CENH. She has since done that. The Local Solutions Director of Clean Energy NH will meet with us at our April meeting on the 16th at 7 PM.

### Solar Installations for Town Buildings

Vince presented some data on size and cost for two roof-mounted solar electric installations for the town buildings. One for the Municipal Building and Fire Station. The other for the Library, Town Hall and the Garage building. We agreed that Vince should revise the data to show systems based on the amount electricity used in 2018 and to not assume a 30% growth in what will be needed. And to add the cost data for the amount of electricity used in addition to the Kwh used. And we also decided to show the payback period. Vince will bring these changed to the next meeting.

Our next meeting will be on Wednesday, March 13, 2019. This will be following the meeting with CDFA. Vince moved to adjourn the meeting and Rob seconded. The meeting was adjourned at 8:31pm.
