

Temple Renewable Energy Task Force

Approved Minutes for the March 29, 2021 Remote Meeting

The meeting was called to order at 7:10 PM

Present were Chairman, Rob Wills, Thomas Whitcomb, Deb DeIseo and Bev Edwards

The minutes of the previous meeting were read and approved.

Tom read the draft proposal he had agreed to produce for the Task Force to be presented to the Land Use Committee and Select Board in the interest of having a portion of town owned land reserved near the TES ball field for a potential solar installation sufficient to provide the electricity needs for all of our town's municipal buildings.

After a lengthy discussion, a number of changes were made to the proposal, and it was then approved for a presentation to be made at the remote public hearing of the Land Use Committee on April 21st.

Rob announced that the Clean Energy NH program had a new Program Coordinator, Josh Singer, taking the place of Henry Herndon. And he will be attending our next meeting on April 19 to learn what the Task Force is doing and to advise us on financial and other opportunities becoming available through the state and federal governments.

We voted to approve the expenditure of \$250, the fee to rejoin the CENH program again this year, to be obtained from the Energy Committee budget, as had been done in 2020 since the Energy Committee has merged with the Task Force.

Our next meeting will be held on April 19.

The meeting was adjourned at 8:35 PM.

Respectfully submitted by Bev Edwards
