

Approved Meeting Notes for the Renewable Energy Task Force
Remote Meeting on May 17, 2023

The meeting was called to order at 7:05 PM.

In attendance were Chairman Rob Wills, Thomas Whitcomb, Deb DeIeso, Bev Edwards and a guest from the Community Action Committee, Christine Robidoux.

Christine Robidoux spoke about the value of connecting with other town committees to support our work. She also brought our attention to applying for small grant opportunities.

Rob reported on his discussion with Eversource regarding transmission costs for a potential PV array along the Rte. 45 transmission lines in the vicinity of the school.

Tom suggested that we create a print out of the steps we have taken so far and those we are in the midst of and create a PowerPoint presentation for our citizens and town committees to have a clearer picture of what our Task Force is doing

Rob proposed that our members meet at the potential PV site to get a better sense of the area prior to our June meeting. It was decided that we would gather at the site at 9 AM on Tuesday, June 1.

The meeting was adjourned at 8:40 PM

Respectfully submitted,
Bev Edwards
