spoken with the new owner and read a letter out loud. Cromwell stated that the committee had received a letter stating they would need to pay a \$40 or \$80 fee to maintain the space and wondered if the town had received a similar letter. Cromwell added that they never said they were kicked out, they chose to leave and have cleaned out the storage unit. Caisse added that the town did not receive a letter and will be keeping the town's generators at the facility.

- **Discussion of town owned lot sale – Bill Ezell:** *Ezell stated that the previous offer of \$50K was too low and he has been able to negotiate an increase to \$60K which they are willing to pay. He added that without real estate broker involvement, there will be no commission and he asked if they should accept the offer. Caisse motioned to accept the offer of \$60K. Willard seconded the motion, roll call vote was unanimous in favor.*
- **Discussion on purchasing air filters for the Town Hall:** *Ezell noted he was asked to research this purchase and reported that the size of the Town Hall main room was too large and the purifier would not work well. He added that he can purchase a smaller unit for the annex room for now and motioned to spend up to \$150 to purchase an air purifier for the town hall annex room. Willard seconded the motion, roll call vote was unanimous in favor.*
- **Discussion of warrant article procedures:** *Ezell noted that BAC chair Gary Scholl had put together a warrant article procedure to put in the towns procedure manual and asked the other selectmen if they had a chance to read it. Caisse and Willard would like more time to review the document. Hastings asked if this covered petition warrant articles as well and noted it may be helpful to include some words on that.*
- **Discuss setting up two new accounts “ARAP” and “Broadband”:** *Ezell noted we needed to set up bank accounts for these two items and motioned to authorize the treasurer and bookkeeper to set up a “Rescue Act Funds” account and a “Broadband payment” account. Caisse seconded the motion, roll call vote was unanimous in favor.*
- **End of Town Land Use Committee- George Willard:** *Willard noted he thought the TLUC chair stated that the committee's job was done and therefore, Willard asked if the committee could be dissolved by December 31st. Willard added that he was not aware that Tim Fiske was out of town and noted they should wait until he returns and get his input. Ezell added that he thinks since the committee was established by a warrant article, it is a permanent committee and we are stuck with it.*
- **Re-Appoint Dan Masterson to the Town Hall Committee:** *Caisse motioned to re-appoint Dan Masterson to the town hall committee subject to viewing Dan's letter of interest. Ezell seconded the motion, roll call vote was unanimous in favor.*

- *Caisse started a discussion on the need for background checks to be done on committee members who work with children. Ezell stated he will be getting a letter ready to committees and the temple band, to make plans to meet and go through their items in storage.

Other Business:

- Cromwell noted she was appalled by the behavior of Mr. Andersen's language earlier and asked the select board to write him a letter saying it would not be tolerated at future meetings. Ezell noted it happened so fast or he would have put a stop to it as it is part of their policy. Ezell noted he would pass it by legal. Cromwell asked to write her own letter to the new owner to clarify things. Ezell said ok but he wants to proof read it first.
- Wills mentioned that the recreation commissions attempt to create a warrant article for accepting donations fell through last year and she asked the select board for some advice on how to do this. Ezell recommended the municipal association and the DOR as resources in addition to legal.

Committee Updates:

SAC - Willard reported there was a school meeting on September 23rd and added that select board members from 6 towns attended. Willard briefed the audience on some items discussed by Kimberly Saunders as follows;

* Bus transportation costs for Manchester Central School students is \$315 per student per year, compared to \$944.60 per student attending Conval.

* 18 other school districts have joined the Conval lawsuit which represents 25% of the school population state wide. The average cost to educate a student is \$18,900 which is the average all across the country. The state legislature based their cost at \$9,000 per student per year. In summary, Saunders would like the whole select board of each of the Conval towns to come to the next SAC meeting and sign a letter to the legislature telling them they need to give the schools more money for education.

* The Conval Board expects a 2% increase in cost for the coming year.

BAC – Ezell reported the committee has started their normal budget planning meetings.
