The presentation will also be shared with Temple E-Alert News and Announcement Subscribers, and of course TLUC subscribers.

Questions and comments made during this public forum will be added to the pdf presentation after the forum so that those who were unable to attend will be able to review the questions and answers.

Final discussion focused on schedule another forum, closer to the voting and the town meeting scheduled for June 12<sup>th</sup>. Fiske polled the committee members present who recommended May as a suitable timeframe. Robidoux noted that Willard was unable to attend tonight's forum due to a conflict with the ConVal SAC regular meeting, and we should check with him and the SAC schedule before choosing a date. Robidoux also noted that there will be Broadband hearings scheduled in May, as well. Hastings suggested Fiske and Robidoux choose a date and notify the committee members once a suitable date has been selected.

Additional discussion on a future forum noted that publicizing early, often, and in multiple locations is extremely important. Fiske and Robidoux will work on that, and asked committee members to spread the word to the friends and neighbors, and to encourage residents to Subscribe to E-Alerts through the Temple website for News & Announcements and committee specific agendas and minutes (<https://www.templenh.org/subscribe>).

The committee tabled approval of the January 28<sup>th</sup> Meeting Minutes to the next meeting.

Motion to adjourn by Pickman, second by Hastings. Roll vote unanimous.

Forum adjourned at 8:40 PM.
